Issue:

The Department of Health, Developmental Disabilities Division, Case Management and Information Services Branch received an inquiry regarding the number of cost proposals required for the proposal application.

Page 3-4, V. A. states that the "applicant shall submit two (2) cost proposals, one (1) for long-term supports and one (1) for short-term supports utilizing the pricing structure designated by the state purchasing agency."

Response/Clarification:

A four (4) year contract is planned with an increase in funding for the 3rd and 4th years of the contract as indicated on pages 2-13, and 2-14. Therefore, applicants are required to submit four (4) cost proposals. The cost proposals should cover the **first and third years** of the contract for long-term supports and **first and third years** of the contract for short-term supports.
